Do you know that apartments with smart water meters save more than **35%** in their water costs?

Introducing

ASMA

Smart Meters

100% automated water metering system with real time measurement, monitoring and control.

35%
Reduction in Consumption

12%
Reduction in Energy Costs

100%
Increase in Fairness & Happiness

3 YEAR WARRANTY

Water metering infrastructure is monitored in real time 24/7

Cloud based architecture enables faster and lean processing of data

12 Years SERVICE LIFE

Unique bluetooth wireless connection with meters and servers

Daily health ping reports the health of the meters

Measure. Monitor. Control.
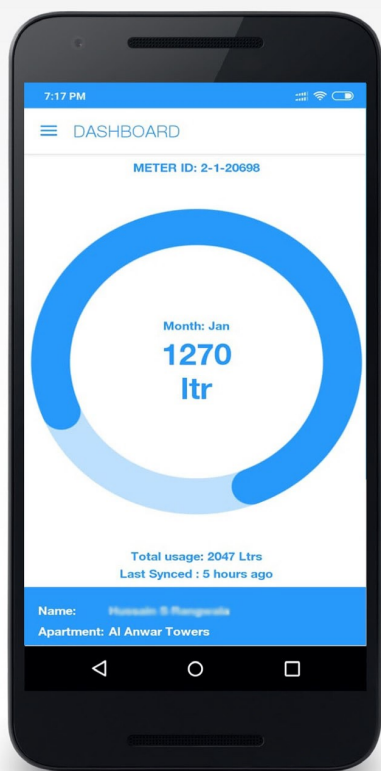

From just 8 digits to data that makes sense.
To you.

Intelligence and insight on the screen that you love most - your smartphone. You can view per inlet consumption, historic view or averages or even comparisons with others. Apartment managers have an in depth analytics portal to manage water metering infrastructure.
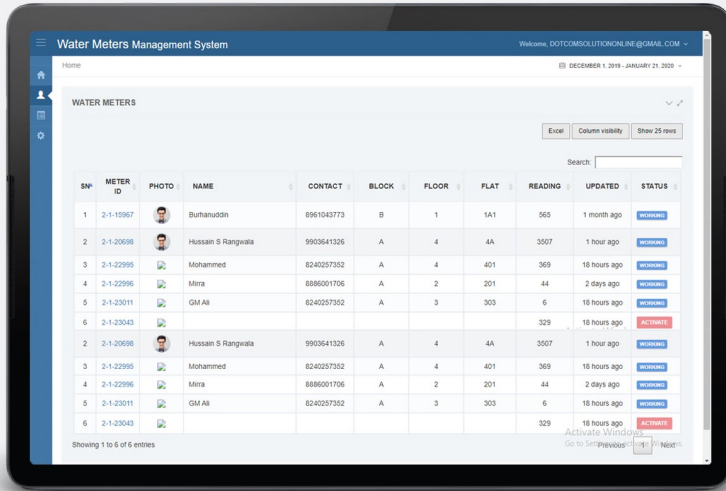

Compliance with international standards

Available in sizes from 15mm to 20mm, Our smart maters offer brilliant performance in accordance with ISO 4064 Class B

DASHBOARD

METER ID: 2-1-20698

Month: Jan

1270 ltr

Total usage: 2047 Ltrs
Last Synced : 5 hours ago

Name: Hussain S Rangwala
Apartment: Al Anwar Towers

Technical Specifications

Diameter (mm)	DN 15	DN 20
Water Flow rate m^3/hr		
- Minimal Q_{min}	0.03	0.05
- Transitional Q_t	0.12	0.20
- Nominal Q_n	1.50	2.50
- Maximal Q_{max}	3.00	5.00
Sensitivity threshold, m^3/h	0.0015	0.025
Metrological Class	B	
Max Working Pressure in Mpa not more than	1.0	
Loss of Pressure at Q_{max} Mpa not more than	0.1	
Limits of the permissible relative error of measuring the volume of water %		
- In the range of consumption $Q_{max} < Q < Q_t$	+ / - 5%	
- In the range of consumption $Q_t < Q < Q_{max}$	+ / - 2%	
Lower scale interval m^3	0.0002	
Operating Temperature Range °C	From + 5 to + 90	
Average service life years not less than	12	
Manufacturing defects warranty years not more than	3

100% Automation that works for you.

The advanced platform gives complete control over your billing process. A simple interface gives you the option to set tariff; and yes we have thought about slabs and fixed rates too. The dashboard gives the facility managers a compelte snapshot of water supply* & demand, all in real time.

The billing engine generates and sends the bills to residents automatically. Didn't we mention automation brings **peace of mind**!

PEACE OF MIND
100%
GUARANTEED

Why **SmartMeters**?

Affordable Price

We are the only company in India to offer smart meters at a price of a mechanical meter with long term reliability. **No better way to show commitment.**

Efficient project execution

Our experienced and dedicated team of engineers & plumbers work together to make sure that project is finished on time. **The idea of fairness is inherent in the team**.

Proactive support

Our promise is to ensure that the system works as intended and in case you need help, we have a **dedicated Support Desk**

Measure. Monitor. Control.
